LUCAS HAY SPEARS: DOUBLE SPEAR™

**MOVE MORE BALES
IN
LESS TIME
WITH
LUCAS DOUBLE SPEARS**

The Lucas Hay Spears Double Spear model for hay bale producers, farmers, ranchers, and rural homeowners. The most reliable double bale spear attachment on the market. This model of Lucas Hay Spears comes standard with two main 48" solid steel tapered spears that are 2" in diameter and offer 44" of usable spear available. These main spears are adequately spaced out and backed with 3" solid steel frame with a back guard. This design helps provide farmers with the safest and most effective bale spear attachment to handle large round bales and square bales. Available in multiple hitch styles the Lucas Hay Spears Double Spear model comes standard with the Lucas Equipment quality of American steel 3" frame. Another project another Lucas solution.
